### Your Healthy University Self Review Report

Based on your questionnaire answers, this report uses 'traffic light' (green/amber/red) graphical representation to indicate levels of progress under each key heading. This provides you with information about relative strengths and weaknesses – where your university is achieving and where additional input is needed to move forward on your Healthy University journey. It is designed to help you to set priorities and develop action plans, which can be monitored and reviewed by your cross-university group. It is suggested that the Self Review Tool be used on an annual basis to review progress.

# International Conference

The screenshot shows the homepage of the 2015 International Conference on Health Promoting Universities and Colleges. The header features the UBC logo, the slogan "a place of mind", and the text "THE UNIVERSITY OF BRITISH COLUMBIA Okanagan Campus". Below the header, the conference title is displayed: "Faculty of Health and Social Development 2015 International Conference on Health Promoting Universities and Colleges: 10 Years After the Edmonton Charter". A navigation menu includes links for Home, Conference Details, Abstract Submission, Charter Renewal, Registration, Venue, Travel and Accommodation, Resources, and Contact Us. The main content area is divided into two columns. The left column features a large image of a vineyard overlooking a lake and mountains, with a dark blue overlay containing the text "SAVE-THE-DATE! June 22-26, 2015" and "UBC's Okanagan campus is located in the scenic Okanagan Valley of British Columbia, Canada, a setting that supports reflection, innovation and active living." The right column has a "What's New" / "Important Info" toggle, followed by the conference title "2015 INTERNATIONAL CONFERENCE ON HEALTH PROMOTING UNIVERSITIES & COLLEGES", a section for "Keynote Speakers and Panelists!" with a link to view the list, a "Share Your Work" section with a link to submit abstracts, and a "Conference Themes" section with a link to view details. # Questions for Discussion

-  To what extent have you secured high-level engagement and leadership? From within and outside your university?
-  Reflecting on the presentations, what actions can you take to move things forward?
